## Disclaimer

**WARNING:** This will only give you a SMALL/BASIC understanding of the environment. Nothing will replace time spent in the environment! That being said, if you know nothing about the environment you're writing for, this is a great place to start.

To use this prompt, replace ***[insert platform/environment]*** with the environment you're using and paste into ChatGPT.

## Prompt

What are the unspoken rules, best practices, and environmental factors I need to know when writing copy for ***[insert platform/environment]***?

What does winning copy look like here, and what mistakes usually kill engagement? Give me specific examples, tone/style guidelines, and formatting tricks that work best in this environment.
